

## Report for May 2019

Members of Reigate and Redhill U3A have had a busy month.

A coffee morning with plant and cuttings swap and computer help, a talk on the history of the Railway Police Force, a holiday to the Austrian Tyrol, an outing exploring the creeks and cockles around Southend and a Taste of Surrey evening focusing on the history and produce – food, wine and beer - of the local area.

As U3A is a self-help organisation for people no longer in full time employment all these activities were organised by members for others to enjoy. A good way to keep socially active and learning together.

If you want to learn more about U3A, visit the website [rru3a.org.uk](http://rru3a.org.uk) and find out what is on offer.
